The World Scientific Conference with the theme of emotional abuse of children is a major global event to which were invited more than 10 000 experts in mental health, legal and social issues on the protection of children. Experts and professionals are coming from 42 countries around the world. The aim of the conference is to present and transfer current knowledge and experience in the field of mental health and harmonious development of children.

CONFERENCE OUTPUTS:

- Selected English contributions **will be published in a scientific journal Communication Today and Clinical Social Work and Health Intervention** that is indexed in the database of Web of Science. The journals, in cooperation with scientific committee, will select contributions with the best quality which are coherent with the journals focus. Contributions will be published before the end of 2017.
- **The proceedings in English language** will be offered to databases such as Web of Science, Scopus and others. (Please note that these texts must comply with content and formal requirements for publishing scientific articles in English, and the translation must be at the highest professional level).
- Selected contributions in Slovak language (if they are not published in English) will be published **in a scientific journal Social and Health Spectrum**.
- The proceedings with a list of contributors who wish to publish in Slovak, Czech or other languages (other than English).
- The declaration of conference organizers about emotional abuse of children will be signed by the conference participants and organizers. It will be distributed to the governments in 42 countries.

APPLICATION DEADLINE FOR SUBMITTING CONTRIBUTION ABSTRACT:

April 25, 2017

DEADLINE FOR SUBMITTING CONTRIBUTION:

June 30, 2017

Please note that contribution abstract in the application will be evaluated by the Scientific Committee of the conference. If abstract does not meet established criteria of expertise and suitability, which is imposed on scientific work of this kind, the application will be returned as unsatisfactory. The authors are responsible for proofreading their texts.
